Self-locking cover

## PATENTED PACKAGING

### 6 horizontal bottles with integral separator

**Cortepack** has been offering a world of **packaging** and point-of-sale solutions for more than 50 years, dedicating passion and energy to the challenges of technological innovation. Building on this heritage, **Cortepack** has now come up with a patented innovative packaging format: **the box for six horizontal bottles with integral separator**, new from Cortepack for 2015.

The pack delivers impressive **benefits!**

- **Ease of assembly**, one of its strong points, cutting packaging time by up to 50%
- **Low environmental impact**: since just one type of material is used, the pack can be produced to environment-friendly standards
- **Customized** for a particularly attractive **pack**, built tailored to the customer's needs
- Major **reduction in storage and handling costs** (a single piece, not 2-3 items)
